

Monroe County

Monroe County Executive Maggie Brooks has partnered with Health Economics Group, Inc. (HEG) to provide residents with a new voluntary County Dental Network Card Program. At a cost of 10 cents per day for an individual, or a dollar per week for a family, the program will make going to the dentist more affordable and easier for seniors and families throughout the county.

By purchasing a Monroe County Dental Network Card, cardholders will have access to information they can use to locate dentists who have agreed to charge reduced fees for dental services. The program is not an insurance program, but is intended to assist patients for whom cost is a barrier to receiving dental treatment.

For more information and to enroll in the program, please visit the Monroe County website at www.MonroeCounty.gov.

The County Dental Network Card program makes use of the extensive DenteMax network of dentists, with more than 100,000 dental access points throughout the country.

Dentists in the network have agreed to charge the prevailing DenteMax network

fee schedule when a patient presents an identification card bearing the DenteMax name or logo. Cardholders can save as much as \$30 on an exam and cleaning, \$50 on a 2-surface amalgam filling, and \$400 on a crown.

“Proper dental hygiene is often out of reach for many seniors and families. Dental care is a key ingredient to overall good health, and this new program puts a trip to the dentist in reach for more families in the county. We are pleased to provide residents without dental insurance with more affordable access to participating dentists in our communities.”
